

Online Registration – E-Net:

Please note that receipt of this application form does not guarantee aircraft participation at BIAS18. After confirmation of a booking you will be required to complete an online registration of your aircraft on E-Net, and your login details will be emailed to you automatically.

Static Display:

The Organisers will endeavour to position aircraft to meet the Exhibitor requirements; however there may be occasions where this is not possible and alternative locations will be proposed. Occasionally the Organisers may need to relocate an aircraft either prior to the show or during show week for operational reasons.

Please note: Exhibitors are required to bring an information board to display with their aircraft, not exceeding 2m wide by 1.5m high.

Flying Display:

All aircraft participating in the Flying Display must validate their display during validation (10th – 12th November 2018). Slots for the flying display are subject to availability and participation cannot be guaranteed.

By signature of this form, the Exhibitor hereby accepts and agrees to be bound by the Terms and Conditions of the BIAS Exhibition Regulations. The most up-to-date versions of the Regulations are available at www.bahraininternationalairshow.com, which the Exhibitor confirms to have read in their entirety.
